

Some E-mail Queries

✓ Dr. SC Santra,

I am master student of the Univ. Fed. Rio de Janeiro-UFRJ, School of chemistry, Center for biofuels and I am developing a dissertation on lipids and hydrocarbons obtained by microalgae. I wonder if the Coordination of biological sciences course would have the strain of the microalgae DUNALIELLA to provide and how much it would cost.

Thanking you in advance for attention,

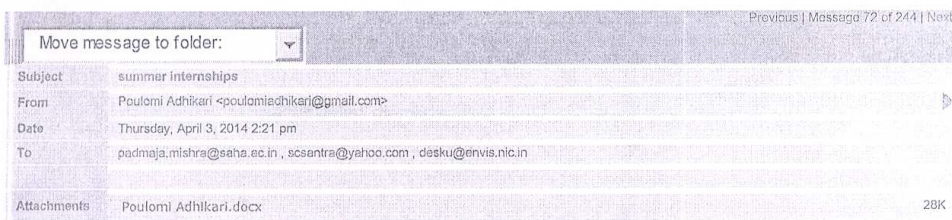

Best regards

Rosa c. v. de Paula

Sir
I am Poulomi Adhikari and i am currently studying in Vellore Institute of Technology, School of biosciences and technology, Vellore.
I wanted to know about any summer internship opportunities and would love to be a part of it.
Thank You.

Respected Sir

I am Rangabhashiyam.S working as research scholar in the department of Chemical Engineering at NIT Calicut.

I am doing research in the area of biosorption of heavy metal. For the research purpose i am in need of macroalgae ***Enteromorpha compressa***. I have gone through the culture collection in your website, where i found my desired strain. I hereby kindly request to give information of how to purchase the culture.
Kindly give reply.

Sir,

Respected Sir,

My Self is research fellow doing My PhD work in ordinary college in maharashtra, and due to some problems and envornmental change I have lost my Culture of *Thiobacillus Ferroxidans*

Sir , If u know any Lab which can provide me the same ,I have tried In NCL pune,MTCC chandigarh bt Both institute now dont have the same.If you have culture sir can You plz tell me procedure how to get the culture or can u please tell me from where I can get the same, and sir due to same reason my Work has now stopped.Please If u can help me, I will be very thankful to you sir.Consider it Kindly.

Thanking You
